HOW TO MAKE A KEYCHAIN

1 Start by connecting the clasp to the ring.

2 Then, loop the string over the ring. Feed both ends of the string into a clear bead and pull to the ring.

3 With the strings together make one knot. Tighten against the ring.

4 Add the colored beads, starting with yellow.

5 With the string together, make another knot. Tighten against the green bead.

6 Add the other clear bead and tie one last knot.
