

Give Blackout Poetry a try!

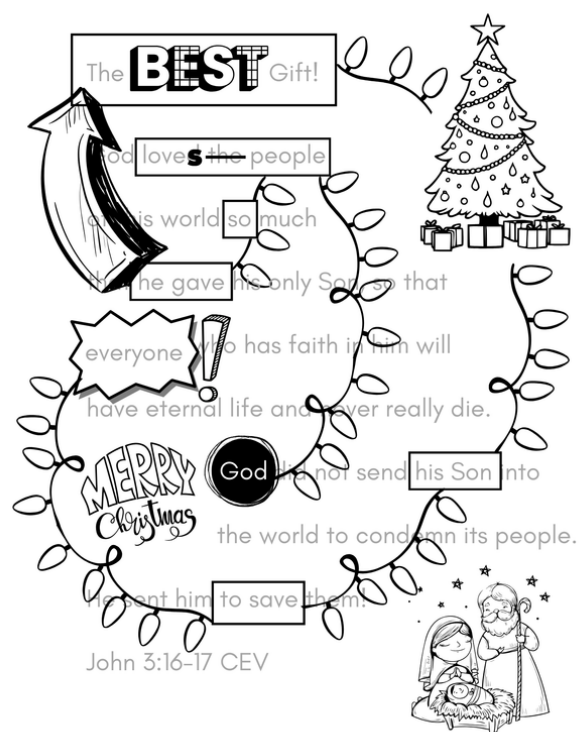

It's easier than it sounds. Plus, it gives you a chance to take something already written and make it your own.

You can do it with any page of text. We are going to use **John 3:16-17** from the Bible - God's promise to the world to send Jesus.

Feel free to use the sample or make your own with the sheet of plain text. Scan the QR code to print more copies or to watch a how-to video.

- Grab the sample.
- If you want, take a black marker and outline the boxes around the words and all the extra designs. This is optional.
- Use colored pencils, crayons or markers to color in the designs. It could look something like this

Put on your favorite Christmas music and don't forget the snacks!

The **BEST** Gift!

God loved **s** — the people

of this world so much

that he gave his only Son, so that

everyone who has faith in him will

have eternal life and never really die.

MERRY
Christmas

God

did not send his Son into

the world to condemn its people.

He sent him to save them!
